## FARM SEEDS

Dependable Since 1884

APRIL 5, 1940

### Old Man Winter Has Finally Started On His Way Out

An unseasonably cold March has delayed spot business for Farm Seeds but moisture conditions have been improved in many sections.

Reasonable prices and many other factors point to a heavy rush of new business as Farmers begin Field work.

We have made every preparation to provide Rush Service on Northland Brand Seeds from Minneapolis and convenient distributing points.

Markets are Unchanged
